

## Product fiche concerning the "COMMISSION DELEGATED REGULATION (EU) No 65/2014"

|                                                                                                              |
|--------------------------------------------------------------------------------------------------------------|
| Trade mark: Gaggenau                                                                                         |
| Model Identifier: CV482105                                                                                   |
| Annual Energy Consumption: 56.9 kWh/annum                                                                    |
| Energy Efficiency class: A                                                                                   |
| Fluid Dynamic Efficiency: 29.7                                                                               |
| Fluid Dynamic Efficiency class: A                                                                            |
| Lighting Efficiency: - lux/Watt                                                                              |
| Lighting Efficiency class: -                                                                                 |
| Grease Filtering Efficiency: 94 %                                                                            |
| Grease Filtering Efficiency class: B                                                                         |
| Air flow at minimum / maximum speed in normal use: 359.0 m <sup>3</sup> /h / 532 m <sup>3</sup> /h           |
| Air flow at intensive or boost setting: 636 m <sup>3</sup> /h                                                |
| Airborne acoustical A-weighted sound power emissions at minimum / maximum speed in normal use: 61 dB / 70 dB |
| Airborne acoustical A-weighted sound power emissions at intensive or boost setting: 74 dB                    |
| Power Consumption in off mode: - W                                                                           |
| Power Consumption in standby mode: 0.25 W                                                                    |

## Information for domestic range hoods (EU) No. 66/2014

|                                                                                                                                                                 |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Model Identifier: CV482105                                                                                                                                      |
| Annual Energy Consumption : 56.9 kWh/annum                                                                                                                      |
| Time increase factor : 0.9                                                                                                                                      |
| Fluid Dynamic Efficiency : 29.7                                                                                                                                 |
| Energy Efficiency Index : 51.4                                                                                                                                  |
| Measured air flow rate at best efficiency point : 370 m³/h                                                                                                      |
| Measured air pressure at best efficiency point : 497 Pa                                                                                                         |
| Maximum air flow : 662 m³/h                                                                                                                                     |
| Measured electric power input at best efficiency point : 173.7 W                                                                                                |
| Nominal power of the lighting system : - W                                                                                                                      |
| Average illumination of the lighting system on the cooking surface : - lux                                                                                      |
| Measured power consumption in standby mode : 0.25 W                                                                                                             |
| Measured power consumption off mode : - W                                                                                                                       |
| Sound power level : 70 dB                                                                                                                                       |
| Short title or reference to the measurement and calculation methods used to establish compliance with the above requirements: EN 61591, EN 60704-2-13, EN 50564 |
